## POST HOLE AUGERS

IWAN BROS. DIVISION

### THE WOOD SHOVEL & TOOL COMPANY

PIQUA, OHIO

**THE BEST IS ALWAYS IMITATED . . .  
IT PAYS TO FEATURE THE ORIGINAL**

#### GENUINE IWAN EARTH AUGER

The one and only **genuine** Iwan well and post-hole auger. This auger was patented by IWAN BROS. in 1897 and produced and distributed by them only until patent rights expired. As we have never authorized anyone to make this auger, ours is the only one with all the features that have made them famous for so many years. This earth auger is the fastest cutting and easiest of all to use. The large cutting surface of the 13 ga. high-carbon steel replaceable blades gives unusually large capacity with minimum effort. Makes round, clean-cut holes — in wet or dry soil. Easily emptied — no suction when removing from soil. Takes up smaller stones in graveled soil. Half inch black pipe upright on 2" size.  $\frac{3}{4}$ " on sizes 3" to 10" incl. 1" on sizes 12" to 16". Complete with hardwood cross handle.

#### VAUGHAN PATTERN AUGER

This auger is somewhat lighter than the Iwan auger and does not have the holding capacity, but is a lower priced and serviceable substitute where fewer holes are required. Upright handle is of  $\frac{1}{2}$ " black pipe. Complete with hardwood cross handle.

V-6"	4'	66 lbs.	3	.....
V-7"	4'	67 lbs.	3	.....
V-8"	4'	68 lbs.	3	.....

#### NEW IWAN ADJUSTABLE AUGER

A new exclusive Iwan Bros. design. Has all the features of non-adjustable auger (left). Very well balanced. No downward pressure required — tool feeds itself into soil. Available in two sizes: No. 48 for making 4" to 8" diameter holes and No. 815 for 8" to 15" holes. Each model comes complete with black pipe upright and hardwood cross handle.

8-15	4'	168 lbs.	2	.....

#### GENUINE IWAN EXTENSION AUGER HANDLE

Attached to Iwan auger head, permits boring down to 10 feet. Handle is easily lengthened as depth of hole increases. Locks automatically. Available in two models: I.E. 48 adjustable from 4' to 8'; I.E. 510 adjustable from 5' to 10'.
